I, _____ (parent/guardian) am picking up _____ (student) after the band activity on _____ (date), and will take full responsibility for them after signing them out. I understand the following criteria:

- Only a parent/legal guardian may sign out the student (no brother, friend, other parent, uncle, maid, former roommate may sign a student out)
- Completing and signing this form is only the first part of a two part requirement. The student must **also** sign out with Ms. Bounds or her designee (e.g., bus chaperone) before leaving the event.
- East Side Union High School District and Santa Teresa Music & Arts Association are not responsible for the student after the student has been signed out by the parent/legal guardian.
- This is only for departing the event. Everyone must ride with the entire band from the school to the event.
